LAMBERT WIN THE DOUBLE

You will all be aware that Lambert was awarded the top prize at the Insider Growth 100 Awards at the end of 2013. Just to remind you...

Engineering business Lambert Automation won two top prizes at Insider's Growth 100 Awards, which celebrate Yorkshire's fastest growing companies.

Richard Abbott, editor of Insider, said: *"The achievements of this year's Growth 100 businesses are astounding. Consider the economic climate that we have experienced in the past five years. These companies have refused to be pinned down and spotted an opportunity to invest, innovate and sell their products and services."*

Hot on the heels of this magnificent success Insider Magazine has started 2014 with the launch of an exciting new international section of the magazine and Lambert is extremely honoured to be the very first feature company.

"Lambert stands out as a firm that has a clear strategy and delivers on its promises with its ethos of 'value through innovation' carrying through to every part of the business. Given its strong vision, the company's success is no surprise and it has ambitious plans to continue to achieve controlled growth over the next few years. Lambert is an excellent example of a dynamic, mid-sized business; it's great to see such a truly innovative company prospering and helping to drive the recovery of the regional economy."

Will Oxley Senior Practice Leader, Grant Thornton

We continue to go from strength to strength and this is all down to YOU!

For the company that has shown genuine innovation to meet customer needs and expand its business.

For the company from the Growth 100 that made the best overall impression on the judges.
