

STAFFING CHANGES

On the back of an outstanding 2018 sales year and strong 2019 forecast Lambert has just launched the company's Vision and Strategy to 2025. The Strategy maps out the growth of our business over the coming years so that turnover doubles and reaches £50million by 2025. This is an ambitious target and to ensure all strategic objectives are achieved it gives me great pleasure to announce two senior appointments within the business.

Mike Lewis

Innovation Director

Mike will join the Board of Directors effective from 01 December 2018 and take complete ownership with his team for product and process innovation over the coming years.

I am sure you will all join me in congratulating both Mike & Sean along with wishing them well in their new posts

Sean Lynch

Associate Projects' Director

Sean will take up the role of Associate Projects' Director effective from 01 December 2018. This new post will see Sean take on further responsibilities connected to total aftercare. Aftercare will still be managed and delivered by our dedicated team led by Manny Buttigieg – Aftercare Manager.
